Shark Tag™

An economical measure to reduce “wardrober” returns

Pin can secure retailer’s Store Return Policy so the garment may not be returned for full refund unless tag is fully attached

EUROPE DIVISION

Source Applied

Shark Tag - No EAS

Applications: highly effective in preventing "wardrobers" from purchasing, wearing and returning the garment for a full refund. Dresses, special occasion, lingerie, coats, furs, online and catalog.

The Shark Tag is highly effective in preventing "wardrobers" from purchasing, wearing and returning the garment for a full refund. The Shark Tag attaches easily to the front of any garment with a pin, visually signifying that the product is secure, yet is easily removed by customer at home with household scissors.

SUGGESTED APPLICATIONS:
dresses, special occasion, menswear, formal wear, lingerie, coats, furs, online and catalog sellers.

DOUBLE
Technology

A smiling man with short brown hair and blue eyes, wearing a white and red striped button-down shirt over a dark blue t-shirt, is holding a red toolbox on his shoulder. He is standing in a hardware store, with various tools hanging on racks in the background. The scene is brightly lit, and the man has a friendly, confident expression.
